#### To Strike Wherever Enemy Found If Nazi Policies Are Pursued

May Take Action Against Any Part Of French Empire If Present Policy Of "Collaboration" Is Continued

By HAROLD FAIR  
LONDON, May 22.—(CP)—Britain removed her gloves in dealing with Vichy today when Foreign Secretary Eden told the House of Commons that British forces will strike "the enemy wherever he may be found" without "any distinction between occupied and unoccupied territory," unless Vichy changes its present attitude.

Some qualified sources interpreted this statement as indicating an "unlimited state of war" with Vichy but Mr. Eden scrupulously avoided further interpretation when he pressed his point.

The same source said the next logical move would be to charge Charles De Gaulle as head of a Free French government but it is not believed a decision has been reached.

#### Gains Only Isolated Successes In Fierce Fighting On Island

German Attempt At Naval Invasion Is Repulsed—Towns Of Heracleon And Maleni Are In Enemy Hands

LONDON, May 22.—(CP)—German troops pouring from the sky on the third day of a mass aerial invasion of Crete have wrested two footholds from the Greek island's British and Greek defenders, it was announced today.

Prime Minister Churchill informed the House of Commons that Nazi paratroopers had taken the town of Heracleon (Candia), but that British troops still held the airport there.

The Middle East command in Cairo announced the town of Maleni was in Nazi hands.

Both reports, however, called the German gains only isolated successes in the fierce, guerrilla-like warfare against German soldiers dropping from the sky in thousands and floating down by glider and parachute.

Both also said attempts by the Germans to put supporting forces ashore from the sea had been frustrated.

DEAL WITH SITUATION  
"All Maleni, however, 10 miles northwest of Candia, the Prime Minister disclosed, "it appears that the enemy are now in occupation of the airfield and the area to the west of it, but the airfield is still under our control."

The Cairo war bulletin said "operations to deal with this situation are now being planned."

Of the naval phase of the invasion, it said merely that "as a result of determined action by the Royal Navy, attempts by the Germans to supply their forces by sea have been frustrated."

#### French Might Realize Nazi Leanings Of Darlan If U.S. Ambassador Is Called Home

By JOHN T. WHITAKER  
LISBON, May 22.—(CDN)—The immediate withdrawal of United States Ambassador Admiral William D. Leahy from Vichy is predicted by observers here today who believe that it is the only measure whereby the Anglo-Saxons could break through the reliance of the German-controlled French press and to bring home to the man-in-the-street the fact that his government is negotiating direct military collaboration with Germany.

All travellers reaching here from Vichy agree that 90 per cent of the French people are opposed to collaboration against their former ally.

British ally and that many military quarters are capable of actual resistance to the policy being pushed by Vichy.

Admiral Leahy, who not only expects a German victory but actually desires it, has been in Vichy for a long time.

but also wherever the democratic system has fallen down under war pressure.

At the same time, the ranks of both parties recognize plainly that war conditions do not permit partisan politics sometimes even in peacetime, that the party system must contribute to greater rather than less efficiency in the war effort.

### PRESERVATION OF SYSTEM

Canada is now committed to preservation of the party system in war conditions, says the basic propaganda value of this in the face of the German parliament will continue to function. The extent to which it functions efficiently, as usual, will depend on the people and the members of parliament.

### By Canadian Press

Mr. Graydon's part is a new one in the Conservative National organization.

Following the last general election, Mr. Graydon was elected to the House of Commons as a member of the Dominion party after the Conservative Association, which will continue to function under its president, Mr. MacNicol.

Mr. Graydon has been pressed into the wartime rational service by Inland and unanimous decision made from practically every section of Canada. On several occasions, previously, he has declined but during the last week, my colleagues and I have been able to prevail upon him to accept a position as part of a wartime duty.

### WIDE POWERS

Announcing the decision of the caucus, Mr. Graydon said: "Mr. Graydon will have wide powers over virtually all Dominion party affairs outside of the House of Commons except the Dominion Conservative Association, which will continue to function under its president, Mr. MacNicol."

wrote in their press, despite the argument that the departure of such an ambassador to France in its dark hour reflected France's greatness.

It appears plain by now, however, that the departure of Leahy is perhaps to the activities of the Lend-Lease and the Hovers, has been the American one or will act as a time to save Britain and win the war.

Little more can now be done than to wait for the return of Leahy, unless, according to most observers, unless French opinion is stirred to the point where it will accept the Marshall to either dismiss Darlan or to take an action for the French Republic.

Leahy's departure is seen as a cleverly manufactured act by Germany, as Field Marshal Paul, who is now in the cabinet, has been asked to leave the cabinet.

## R.A.F. Smashing German Columns On Libya Desert

WITH THE BRITISH DESERT FORCES, the Libyan Desert Force has smashed its most important column, the German 10th Army, in a battle which has been going on for several days.

In the past 24 hours eight German planes have been destroyed on the ground and six more have been shot down in the air.

At night after fights of British bombers showed signs of being a disaster, the R.A.F. fighter planes attacked over the desert trails leading towards the German positions.

The main target of British air attacks has been the German 10th Army, which is now being pushed back towards the coast.

The capture of British airfields has been a major success for the R.A.F. and has enabled them to launch attacks on the German positions.

RIMBY, Alta., May 22.—Trapping is a means of livelihood for hundreds of people. Muskrat, marten, fisher, wolf, coyote, fox, skunk and weasel are much the most sought after of people. Many make considerable trapping and each year thousands of squirrels are shipped out of the country.

Many men who farm in Central Alberta during the summer months find time to trap in the winter.

The gate ringer in the district center Nick Dvorhanski, local merchant, asked \$125 when one of the large plate glass windows in his store was broken.

Resident Ith, Olivia Lutak, 22, year old daughter of Mr. and Mrs. Richard Lutak, by a slammage, broke the window.

Mr. Dvorhanski opened the rear door to get some goods out of his store when he was struck.

The door open the front door. The draft

## In New Mood

By PAUL GHALI

VICHY, May 22.—(CDN)—The German cloud which nearly burst over French mandated Syria is thought here to be blowing in a different direction — namely through the Caucasus and Iran down to Iraq. And, as a conse-

## EXCLUSIVE

quence, the whole tense question of Syria is viewed in a somewhat lighter frame of mind at the moment.

Germany, it is believed has thought better of using the Syrian road which is after all defended by two British strongholds—Cyprus and Crete. And so, many now believe, France will not be asked by Germany for a wider interpretation of the auxiliary terms than she has already granted, at this time.

### STATE OF DEFENCE

Meanwhile France is taking all

The particular concern of Vichy at the moment is to recover control over her dissident colonies, especially in Africa. The keynote of this concern was set today by a communique published by the semi-official agency O.F.I. (Office of French Information) which, incidentally, is by way of becoming a sort of written official spokesman for the government.

### LOSE COLONIES

The Communiqué appears to be both a warning and a preparation for the action which France intends to take, since all indications point out that she will lose her colonies if she does not reconquer them herself.

Bristling with threatening expressions such as "the time has come for France to recover her colonies," the Communiqué stresses that the problem is the "existence of her colonies" as those which have declared allegiance to the Free French movement of the "traitor" Charles De Gaulle is one for France alone to solve, and warns that Britain had better not try to get Syria to join the dissidents if she does not want to see Frenchmen fighting against Frenchmen.

## Gift Parcels Allowed To Be Sent Overseas

**LONDON, May 22.—(U.P.)**—The board of trade announced regulations Wednesday, effective May 28, by which "bona fide, unsolicited gifts, whether they include rationed foods or not, may be received by individuals in direct post addressed to individuals."

In order to secure shipping space, the order limited incoming parcels to five pounds of which no more than two pounds may be of any one foodstuff.

They must be marked clearly as a gift and cannot be regarded as "unsolicited" if received as a result of a prior communication from the recipient to the donor.

The board noted it still is an offence for residents of Britain to send abroad for supplies of rationed foods.

## Young Outfielder Hammers Out Four Hits, One A Homer

NEW YORK, May 22.—(AP)—Louis Cardinals, carrying with as much delicacy as so many carpenters, have completed a serious operation for the removal of excess speed from the Brooklyn Dodgers.

A few stitches remain to be taken, but there is no chance that the patient will recover in St. Louis, because even a victory in today's final game of the western trip would have Brooklyn from returning to the banks of the Gowanus Canal in second place in the National League.

The Cardinals clubbed the Dodgers into their fifth straight defeat yesterday 3-0 with a vicious 11-0 rout. The chief sinner was a young outfielder named Herman.

Cooker Tripled, Cooker tripled the Cardinals to a home run, a single with two bases loaded, and an extra run.

## SECOND SECTION

### Unity Needed From People Kennedy Says

Declaring that the issue of this election "is more vital and must be decided by you," Dr. A. Kennedy, social credit candidate in the 1941 Edmonton-Dominion constituency by-election of June 2, in an address yesterday, exhorted the first time he had been "to declare definitely to the federal government and to the world, the stand which the people of this constituency take on the important issues of today."

Continuing, Mr. Kennedy said that the second thing that is essential to unity of action, so long as the people agree, is that they be divided upon the basic principles of economic and social reform. When such an agreement is reached, they shall continue to be divided. When such an agreement is reached, they shall continue to be divided. When such an agreement is reached, they shall continue to be divided.

### MONETARY REFORM

Mr. Kennedy declared that "it is surely evident that monetary reform is the greatest and most fundamental of our economic problems. The only logical reason for producing any article is to have it exist. The amount of money in circulation at all times is sufficient to finance the consumption of needed goods and services. The policy therefore should be the control of all of our money. The analysis are consumers, instead of being manipulated by a few who wish to force their will upon the many to serve their own ends."

### NO ALTERNATIVE

Mr. Kennedy declared that "our economic system is based upon the principle of the government, the people, and the people. The government is the people, the people are the government, and the people are the government. The government is the people, the people are the government, and the people are the government."

### City Will Buy Victory Loan

The City of Edmonton will participate in the limit of its resources in the forthcoming Victory Loan, as was decided at the regular weekly meeting of the sinking fund board yesterday.

Dr. George A. Campbell, chairman of the board, said the board had received a preliminary report from the Finance Minister, Mr. J. L. Flinn, that the Victory Loan will be a success.

#### Home Cooking Arranged For Queen's Fund

The Macleay concert group organized a few weeks ago, a war charities organization, is going to stage a sale of home cooking at their home, next to the Macleay home, on Friday, May 23. Plans call for a similar sale every Saturday after this week.

### Stonewall Gets New Spring Hat: It's Orthodox

Spring may come and spring may go, and usually this happens in Edmonton without any notice to the women's fashions. But when spring brings about a radical change in the hat worn by the women, it is a sign that the spring hat is coming.

Mr. Kennedy said that "our economic system is based upon the principle of the government, the people, and the people. The government is the people, the people are the government, and the people are the government."

### Delinquency Count Faced By Accused

Mylo L. Bryington appeared on charges of contributing to the delinquency of a juvenile before Magistrate Miller in police court yesterday.

### THE QUESTION

On twenty days he today from the city of Edmonton, the reporter has been to get out in the field and putter around for a few days.

### THE ANSWERS

JOHN KENNEDY, gardener: I've had that happen to me, but after a while I find out the answer to the spray long enough to have my lawn.

GEORGE ROBERTSON, clerk: Aye, it's a bit of a shock to have a child born of a sudden, but it's a blessing in disguise, and we're going to take it.

ROY CAMPBELL, militiaman: I don't know if it's anything to worry about, but I'm not sure. He is not sure if it's anything to worry about, but I'm not sure.

LARRY THOMPSON, postman: You get used to things like this. I've been in the army, and I've been in the army, and I've been in the army.

This kind of argument by opponents would be used as a garden city house, Mr. Macleay declared at last night's meeting.
